

I Lanterne in fusione di alluminio. Palo realizzato in fusione di alluminio anticorodal, con sportello per il collegamento elettrico alla rete. Fissaggio al suolo mediante piastra fornita di serie, da annegare in calcestruzzo (esclusi L1A, L1C, L1F).

UK Lanterns made of cast aluminium. Poles are made of cast aluminium (anticorodal) with an easy access inspection door for hook-up to main power supply. The anchoring system, which should be sunk into a concrete plinth, is included (excepted L1A, L1C, L1F).

D Laternen aus Aluminiumdruckguß. Der Mast ist aus Aluminiumdruckguß (Anticorodal) und hat ein Wartungstürchen zum elektrischen Netzanschluß. Die Bodenverankerung erfolgt durch eine serienmäßige Platte zum Eingießen in Beton (ausgenommen L1A, L1C, L1F).
